Name _____     Date _____

**Reading Line Graphs, CCSS.Math.Content.5.MD.B.2**

**Adam, Chelsey, Patrick and Samantha spent their St. Patrick's Day weekend looking for lucky four-leaf clovers. They made a line plot graph of what they found. Use the plot to answer the following questions.**

**1. On which day did the kids find the most clovers?** _____

**2. On which day did the kids find the least clovers?** _____

**3. Who found the most clovers on Friday?** _____

**4. Who found the least clovers on Saturday?** _____

**5. Who found more clovers on Saturday, Patrick or Samantha?** _____

**6. On Saturday, Patrick found how many more clovers than Chelsey?** _____

**7. On Sunday, which two kids found the same amount of clovers?** _____

**8. On Saturday, how many more clovers did Samantha find than Adam?** _____

**9. Who found the most total clovers?** _____

**10. Who found the fewest total clovers?** _____

Name _____        Date _____

**Answer Key:**

**1. Sunday**

**2. Friday**

**3. Patrick**

**4. Adam**

**5. Patrick**

**6. 2**

**7. Adam and Samantha**

**8. 1**

**9. Patrick**

**10. Adam**
